

# Hyaluvag

Intimate gel with hyaluronic and glycyrrhizic acid 20ml

**Ingredients (INCI):** Aqua, Glycerine, Poloxamer 407, Dipotassium, Glycyrrhizinate, Sodium Hyaluronate, Lactic Acid.

**Hyaluvag** gel is recommended for:

- ✓ Alleviation of symptoms of vaginal dryness (irritation, tingling, redness, itching, discomfort, or pain during sexual intercourse, etc.) of any etiology
- ✓ Improving the tone and elasticity of vaginal tissue
- ✓ Promoting the healing of microlesions on the vaginal mucosa
- ✓ Reduction of inflammation and regeneration of the epithelium of the vaginal mucosa
- ✓ Preventative and adjunctive treatment of viral, bacterial, and fungal infections and non-infectious vaginitis
- ✓ Maintenance of the physiological pH value of the vagina, thus maintaining healthy vaginal flora

**Instructions for use:** Before use, establish proper hygiene of the intimate region as well as your hands. Remove the cap from the tube and screw on the applicator (included in the package) on the top of the tube. Squeeze out about 2 cm of gel (dose for one application) deep into the vagina, while in a supine position, applying light pressure. If the target area is on the external parts of the intimate areas, apply the gel externally, in a thin layer. It is recommended to apply the product once per day, preferably in the evening before going to bed. If necessary, the product can be used 2 times a day (morning and evening). After the withdrawal of symptoms, it is advisable to apply the product 2-3 times a week, in order to maintain the achieved improvement.

**Warnings:** Do not use in case of hypersensitivity to any of the ingredients in the product. During pregnancy, consult a doctor regarding the use of the product. For external use only. Keep out of reach of children.

**Package:** Tube with 20 ml of gel in a box containing two applicators. The second applicator is included as a spare, in case of loss or damage.

**Storage instructions:** Store in a dry and dark place, at a temperature up to 25°C, out of reach of children.

**Shelf life:** 48 months from the date of manufacture. The date of manufacture is contained in the serial number imprinted on the weld of the tube and is printed on the box.
